

15/06/2023

Dear Parent/Carer

We are now in our final few weeks of the academic year and all our pupils will be finishing for the summer break on **Friday 21<sup>st</sup> July**.

At the end of this week we say goodbye to our year 11 pupils who have completed their GCSE exams and other assessments and have enjoyed a well-deserved school trip to Flamingo Land.

Next week on Wednesday 21<sup>st</sup> June and the following week on Tuesday 27<sup>th</sup> and Thursday 29<sup>th</sup> June our pupils from the following year groups will be having transition days in preparation for the next academic year. This will be an opportunity for them to meet their new teachers.

- Year 5 pupils – join year 6 classes
- Year 6 pupils – join year 7 classes
- Year 7 pupils – access different subject areas in line with secondary curriculum.

All other groups will continue with their normal school day.

Over the next few weeks we will also be holding a number of pupil review meetings with regards to pupils on individual timetables to support planning for September. I will contact individual parents separately regarding this.

Finally, during the last week of term, we will be planning some activities, trips and sports day. Once we have finalised these arrangements they will be communicated to you.

I hope you all manage to continue to enjoy the sunshine – just a reminder to send sunscreen in for your child if possible.

Yours Sincerely

Pat Dubas

Headteacher
